FROM HEAD TO FOOT

you feel the good that's done by Doctor Pierce's Golden Medical Discovery. It cleanses, regulates and invigorates Stomach, Liver and Bowels and so purifies the blood. And through the blood, it cleanses, repairs, and invigorates the whole system.

In recovering from "grippe," or in convalescence from pneumonia, fevers, or other exhausting diseases, nothing can equal it as an appetizing, restorative tonic to build up needed flesh and strength. It rouses every organ into natural action, promotes all the bodily functions, and restores health and vigor.

For every disease that comes from foul or Weak Stomach, a torpid Liver or impure Blood, Dyspepsia, Indigestion, Biliousness, and the most stubborn Skin, Scalp, or Scrofulous affections, the "Discovery" is a sovereign remedy. Don't be hypnotized, wheedled, or over persuaded into accepting a substitute only that some selfish medicine seller may make a greater profit on the inferior article. The "Discovery" has a great record of nearly forty years with thousands of cures behind it.

Dear Sir—Several years ago my blood became impoverished and I became run down in health. I had no appetite, could not sleep, and was practically unfitted for work. Suffered from innumerable boils and was in bad shape. Dr. Pierce's Golden Medical Discovery relieved me of my wretched condition. The medicine built up my system and restored me to a normal condition of health. I can speak most highly also, of Dr. Pierce's Favorite Prescription, as it has been used in my family for years in cases of female trouble.

The People's Common Sense Medical Adviser, by R. V. Pierce, M. D., Chief Consulting Physician to the Invalids' Hotel and Surgical Institute, Buffalo, N. Y. Paper-bound FREE on receipt of 21 one-cent stamps for mailing *only*; or cloth-bound for 31 cents. Address the Author, as above.

Dr. Pierce's Pellets Cure Constipation.

CLEANLY WOMAN.

Erroneously Thinks by Scouring Her Scalp That She Cures Dandruff.

Cleanly woman has an erroneous idea that by scouring the scalp, which removes the dandruff scales, she is curing the dandruff. She may wash her scalp every day, and yet have dandruff her life long, accompanied by falling hair, too. The only way in the world to cure dandruff is to kill the dandruff germ, and there is no hair preparation that will do that but Newbro's Herpicide. Herpicide by killing the dandruff germ, leaves the hair free to grow as healthy Nature intended. Destroy the cause you remove the effect. Kill the dandruff germ with Herpicide. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Gospel

It is gospel truth to say that no DISEASES such as rheumatism, neuralgia, biliousness, colic, cold, sore throat, backache, boils, bowel troubles, skin eruptions, and all those caused by local imflammation, can be so quickly, safely and surely cured, as by the use of HAMLINS WIZARD OIL.

It gets right down in, around the nerves and blood vessels of the affected tissues, where the trouble is, and gently soothes and coaxes them back to health.

For all pain, chronic and acute, it is a remarkable remedy, and has no equal in safety and effectiveness in the medical world. Price 50c and $1.00. Fully guaranteed.

For sale and recommended by all druggists

Swanson's Majority is Nearly Thirty-eight Thousand

It now turns out Congressman Swanson, in the November election, defeated Judge Lewis by a greater majority than was at first supposed. He defeated his republican opponent by a plurality of 37,749, and his majority over all was 37,296. The total vote cast was 129,792, and the ballots were distributed as follows: Swanson (democrat), 83,544; Lewis (republican), 45,795; Downey, (socialist), 453.

The foregoing figures, not official, are accurate. They were procured by Mr. Clyde W. Saunders, proprietor of the Warrock-Richardson Almanac, who wrote directly to all the court clerks and procured the desired information.

In the gubernatorial election four years ago 198,048 votes were polled and of these Montague (democrat) got 116,682 and Hoge (republican), 81,366. Montague's majority, therefore, was 35,316. This election, it should be remembered, was under the provisions of the old constitution.

Here is the vote of the November, 1905, election by counties and cities:

Six Perish in Fire.

A mother and her five children were burned to death in a fire in a five-story apartment house at Columbus avenue and One-hundredth street, New York, last night. Two others were injured and a score or more tenants were thrown into a panic, some of them cut off from escape and several rescued by police, firemen and ambulance surgeons. The dead include Mrs. John Thomason, the mother; her 3-year-old twins, and her other three children, ranging from 7 months to 9 years of age. Mrs. Thomason lost her life in an endeavor to save her children. Her body was found in her rooms with her little ones, the bodies badly burned, lying about her. Mother and children were cut off from escape by the latch of the door leading into the hall being caught.

Shot in the Back.

W. M. Sherman, of Cushing, Me., was shot in the back, hourly, day and night, for full three months; by the shooting, tearing and racking pains of Kidney Inflammation. He writes: "I used three bottles of Electric Bitters, and know that they have permanently cured me, for I feel like a new man I recommend this great tonic medicine to all sufferers from kidney trouble." It's just as sure to relieve and cure malaria and all stomach and liver complaints, general debility and female weaknesses. Guaranteed by E. S. Leadbeater & Sons, druggist; price 50c.

When you want a pleasant laxative take Chamberlain's Stomach and Liver Tablets. For Sale by Gibson & Timberman and W. F. Creighton & Co.

Give Your Stomach Rest.

Nothing will cure indigestion that doesn't digest the food, itself, and give the stomach rest. You can't expect that a weak stomach will regain its strength and get well when it is compelled to do the full work that a sound stomach should do. You wouldn't expect a sick horse to get well when it is compelled to do a full day's work every day of the week. Kodol Dyspepsia Cure is a perfect digestant and digests the food regardless of the condition of your stomach. Relieves Indigestion, Belching, Sour Stomach, and all stomach disorders. Sold by W. F. Thirty million dozen eggs, or 360,000,000 eggs, in 1,000,000 cases, are awaiting consumption in Chicago's cold-storage houses. Thirty million pounds of butter in 50,000 tubs are also locked up in the cold-storage vaults ready to be spread on Chicago's bread whenever she is ready. These enormous quantities of dairy products, put by in her commercial larder, are the greatest in Chicago's history and set a mark that overtops that of any previous year. Dealers say the western hens will lay enough eggs to keep Chicago supplied nearly all winter.

Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

TUESDAY EVENING, DEC. 12, 1905.

THE penalty imposed upon Midshipman Meriwether for his connection with the death of Midshipman Branch, is, as will be seen in another column, that he shall be confined to the limits of the naval academy for a year and be publicly reprimanded by the Secretary of the Navy. Under the circumstances this is hardly just, as Meriwether was acting under the rules of the "code" of the academy, which seem to be more rigidly enforced than are the government regulations. No one believes that Meriwether wished, or intended to, either kill or seriously injure Branch; that death was only the result of this "code." The men who should receive condign punishment are the officers at the academy who permitted such a state of affairs to exist there.

IT was stated in the Gazette's Washington correspondence one day last week that Prof. Roberts, of the University of Denver, Colorado, who returned recently from an extended trip in Europe, where he went to study the question of municipal ownership of public utilities, had expressed to President Roosevelt the opinion that public ownership of public utilities was a failure in Europe, and predicted that in a few years it would have few supporters even in Great Britain, where it has been popular. The observations of Prof. Roberts are those of most sensible men who have well looked into the subject of public ownership and but for demagogic political agitators the subject would be seldom heard of. Still these people would insist upon such ownership in this country.

MR. WILLIAMS, the democratic leader in the House, is a disciplinarian and, from the position he holds, should be. Therefore he displaced Messrs. Lamar and Shackelford from the interstate and foreign committee because they last year voted against the action of the democratic caucus on a measure in which they were interested. In this he was perfectly right. A party, like an army, must have a head and with more than one, each would go to smash. The trouble with most of the democratic congressmen is their belief that they all are leaders; but they are not and this fact should be emphasized.

A PROPOSITION looking to the abolishment of the mail franking privilege accorded to the Executive Department and members of Congress, with a view to wiping out the deficit of the Postoffice Department, is advanced by Postmaster General Cortelyou in his annual report. The deficit for the fiscal year 1905, as heretofore stated, is $14,572,584. Mr. Cortelyou will have much difficulty in inducing Congress to relinquish this or any other privilege. The average Congressmen now wants all that is coming to him, and always a little more.

THE real meaning of the recent visits made by Admiral Togo and the Emperor of Japan to worship at the Temple of Ise, as now interpreted in the Tokio correspondence of the London Times, is that the governing classes of Japan have again given their official indorsement to the ancient Shinto belief, or ancestor worship. The Emperor went to report the termination of the war with Russia to his first imperial ancestor. The temple at Isle is to the Japanese much what Mecca is to the Mohammedans.

PRESIDENT HAYES, of the Galen National Bank of Ohio, which failed, and Edward Slickinger, president of a wheel manufacturing company, were on Saturday sentenced to seven and a half years each in the penitentiary. Next to hanging this is the best way to treat bank wreckers.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, D. C., Dec. 12.

One of the most sensational episodes that the diplomatic society of the national capital has furnished in years is unearthed in the shanghaiing of the nineteen-year-old Alphonzo Zelaya, the handsome son of the President of the Nicaraguan Republic. A representative of Don Louis Corea, Nicaraguan Minister to Washington, with the assistance of two city detectives Friday night last captured the boy while he was calling upon his sweetheart, a Miss Baker who lives in an exclusive boarding house in K street. Young Zelaya, the son of a wealthy and powerful Latin American statesman, fell desperately in love with an American girl, who likewise was desperately in love with him. The boy, after spending three years at West Point resigned in order to be near his lady love. The course of true love ran smoothly until the opposition of the boy's father called into play the international machinery of diplomacy, the assistance of the State Department here, and the instrumentalities of the local police. Then followed practically an abduction, the imprisonment of Zelaya and his special conduct from this country. Young Zelaya is now en route to Nicaragua. The abduction itself was accomplished in proper style. Zelaya and his sweetheart were together, when the former was taken from her side. Miss Baker wept bitterly after bidding her lover farewell. Don Louis Corea, the Nicaraguan minister, is young Zelaya's guardian in this country. He in fact was the power behind the scenes in the entire affair. Miss Baker is the daughter of a local physician and is 18 years of age. She is prostrated over the affair and this morning declined to be interviewed. Her marriage to young Zelaya was to have taken place tomorrow night.

Sarah Bernhardt has just taken out a hundred-thousand dollar accident insurance policy with one of the big American companies. The president of the insurance company, who is visiting friends at the capital, made the announcement today and added that the corporation thought as little of the risk that $90,000 of the $100,000 had been immediately "farmed out" to foreign insurance companies.

Secretary of the Treasury Shaw said this morning that he did not contemplate taking any action toward the further relief of the money market this week, certainly not within the next two days.

The State Department today received official announcement of the resumption of diplomatic relations between Venezuela and Colombia. The differences between the two republics were arranged by an agreement reached at Caracas.

Representative J. Adam Bede, of Minnesota, accompanied by several militia officers from his State called at the White House this afternoon to ask the President to change the designation of the naval yacht Fern to that of Gopher, in honor of Minnesota's nickname. The President said he would be glad to make the recommendation to the Secretary of the Navy. The Fern is the boat given the Minnesota militia by the Navy Department.

The Senate committee on appropriations proposes to scrutinize the expenditures, past and prospective of the Panama canal commission very carefully before recommending the passage of the pending $11,000,000 emergency bill. Secretary Taft and Commissioner Shonts of the Panama canal commission were before the committee this morning.

The Santo Domingo treaty, which was sent to the Senate last session but which then failed of ratification through the opposition of democratic Senators was called up in the Senate today behind closed doors on motion of Senator Lodge. He asked for its reference back to the committee on foreign relations.

Representative Sulzer, of New York, while at the White House today, declared that he would offer a resolution in the House this week, calling upon Secretary of the Treasury Shaw to explain why he withdrew the money from the banks and thus caused a shortage in the New York money markets.

Congressman Sulzer of New York called at the White House today to inform the President that he was preparing to introduce two resolutions bearing on the case of Marcus Braun the U. S. immigrant inspector who was recently arrested in Hungary and subjected to numerous indignities before released.

Andrew Carnegie was one of the President's callers at the White House this afternoon. "I merely came to pay my respect," said Mr. Carnegie.

The ways and means committee of the House today organized and tomorrow will launch into a study of the Philippine tariff, for purpose of reduction. Daily hearings will be had, beginning tomorrow, for the remainder of the week. Sugar men will be the first witnesses. The tobacco interests will be given an inning later on. General Wright, the governor general, and Mr. Welborn, the secretary of agriculture of the Philippines, will also be heard. The commerce committee also organized and considered several minor matters, ignoring for the present railway rate matters.

For the first time in a considerable period the State Department today received a message from Spencer Eddy, who has been charge d'affaires of the American Embassy at St. Petersburg during the recent turbulent days at the Russian capitol. The dispatch was undated and stated that telegraphic communication with the far East and points in the vicinity of St. Petersburg and Moscow had been resumed.

Through the medium of two California congressmen, Kahn and Hayes who called at the White House to talk Chinese exclusion, President Roosevelt sends a message to the Pacific Coast people that he desires to make it clear that he is just as much opposed to the admission of Chinese coolies as he ever was, but that he believes that the exempt class of Chinese should be given a "square deal." If it be shown, however, that the exempt classes upon coming into this country, he declared, turn laborers, then he will favor the taking away of the open door privelege so far as it concerns them

Some apprehension is felt at the Navy Department over the failure of the gunboat Wasp to return to Newport, whence she sailed Sunday morning to succor a disabled brig reported in trouble 25 miles off shore.

Fifty-ninth Congress.

SENATE.

A claim of for $10,000,000 damages from the United States government was laid before the Senate today. The claimant is ex-Queen Lilioukalani of the Hawaian Islands. She claims to be a legalized subject of the United States Her grievances is based upon the bodily, and mental sufferings and loss of property, due to the revolution of thirteen years ago, which she charges was headed and aided by United States Minister Stevens. In an autograph letter to the Vice President, setting forth that she does not appear by attorney because of her poverty she concludes a pathetic appeal as follows: "I pray you therefore, and implore the providence of God to aid and guide you in the consideration of my petition and claim."

The papers were referred to the committee on claims.

A strange coincidence in connection with the claim is that a relief measure for the ex-Queen was unsuccessfully managed in the last Congress by the late Senator Mitchell, of Oregon.

At the conclusion of routine business at 12:35 o'clock, the galleries were ordered cleared, and the doors closed for the consideration of executive business.

At 12:20 the Senate adjourned.

HOUSE.

The House was not in session today, having adjourned yesterday until Wednesday.

News of the Day.

Paul Maurice, who was a collaborator with Dumas and the most intimate friend of Victor Hugo, died in Paris yesterday.

Charles A. Peabody, the lawyer, financier and railroad director, will be made president of the Mutual Life Insurance Company.

France has refused to withdraw her note to Venezuela protesting against Castro's treatment of M. Taigny, the French diplomatic representative.

Prince Min, the Korean minister, had a conference with the President yesterday and told him a pathetic story of the Japanese officials' treatment of Korea.

Representative Landis (Ind) yesterday introduced a bill, under the terms of which it will be possible to obtain from life insurance companies full statements of their business operations.

Benjamin G. Stonestreet, former clerk of the Circuit Court for Charles county, Maryland, and one of the most prominent citizens of Charles county, died at his late residence, La Platte, Sunday night, of apoplexy, in the seventy-fourth year of his age.

The Armstrong committee in New York yesterday was informed that Thos. F. Ryan probably will answer the questions to which he refused to reply last week, District Attorney Jerome having given an opinion that he should do so and his counsel having advised him to comply.

What seemed to be a very serious matter between Germany and Brazil Saturday is, according to developments of today, in a fair way of being cleared up. It was said at the German Embassy today that apology and reparation will probably be made for the seizure of Steinoff by the officers and men of the Panther at Itajahy.

At Shamokin, Pa., today President Mitchell set at rest rumors of President Roosevelt's mediation between anthracite operators and miners to guide them to an agreement. Mr. Mitchell said: "The President has not mentioned the anthracite coal situation to me nor have I to him since I was called to Washington during the strike of 1902."

Miss Olivia Floyd died at her home, Rose Hill, Charles county, Md., on last Friday night, in the eightieth year of her age. She was noted during the civil war for her services to the lost cause, having carried many secret messages across the lines on horseback and often hid in her large old dwelling soldiers of the southern army.

Mr. Tillman yesterday introduced his railroad-rate bill to explain it to the Senate. It amends the act to regulate interstate commerce by giving to the Interstate Commerce Commission the power to fix "a maximum reasonable rate" when it is determined that an existing rate is unjust or unreasonable, and the rate so fixed shall be the only legal rate charged. Senators Foraker and Knox disagreed with the Senate on the right of a commission to regulate railroad rates. Senator Foraker declared his intention to oppose rate control.

Trouble is threatened on the Turko-Persian frontier, at the vilayet of Mosul and in the neighborhood of Bayazid on the frontier. Those points have never been exactly delimited. Five thousand armed Prsians are now gathered in the district of Sujbulak, southward of Lake Urumiah, and they threaten to invade and take possession of a strip of territory in the vilayet of Mosul claimed by Turkey. Two battalions of Ottoman troops with three guns, have been dispatched to repel the invasion, and the governor of Mosul is calling for more reenforcements. A similar situation exists on the frontier in the neighborhood of Bayazid.

Fire destroyed the Nevers ink Planing Mill and damaged the Excelsior Brass Works at Reading, Pa., early this morning. Several horses perished. Loss $8,500.

Affairs in Russia.

The situation in the Baltic provinces is reported as being frightful, the streets of Liga "flowing with blood," drawn by machine guns, and Livonia being in absolute anarchy.

The government, it is said, has abandoned the project for univerial suffrage.

It seems the telegraphers' strike is weakening in places, but the agitation for a general strike continues.

Reaction and revolution confront each other in a death struggle. The government is entering upon the fatal path of repression and Witte's ministry seems doomed. Witte has apparently yielded to court influences and decided against universal suffrage. Witte has been opposed to armed repression, but there are indications that he is yielding to the advocates of it. It is again said the force of 400,000 Cossacks is to be mobilized to crush the revolution.

Durnovo, Minister of the Interior, is prosecuting the workmen's leaders. General Dedulin prefect of St. Petersburg, has refused to carry out his orders and has resigned.

Anarchy in its worst form prevails in Livonia. Railroad strikers in Riga were mowed down by machine guns and the streets run with blood.

Russian refugees arriving in New York say the present trouble is not racial persecution, but real revolution, led in many instances by police.

No Danger of Strike.

There is said to be no danger of a machinists' strike in the Washington navy yard this winter, according to James O'Connell, president of the International Association of Machinists. Concerning the situation there, Mr. O'Connell said yesterday:

"The skilled machinists in the Washington navy yard get a maximum wage of $3.36 and a minimum of $2.97 a day. These wages are the lowest paid by the government to skilled machinists in any department in the city. The navy yard machinists want a flat rate of $4 a day for skilled men. They will apply to the wage board for these advances and if they are not successful they will appeal to the Secretary of the Navy.

Jessie Cobb, a young man living near Emporia, Va., was shot and killed yesterday by D. E. Snow, aged 65, whose daughter, it is said, Cobb had slandered.

Mrs. Georgia Clayton Purcell, wife of J. Perry Purcell, a prominent farmer, died at her home in Frederick county yesterday, after a year's illness of consumption, aged 30 years.

Mr. William Strother, a well-known young farmer of King George county, died Saturday morning, after an illness of five weeks with typhoid fever. He is survived by his wife and two small children.

Mr. Geo. E. Cole, a well-known citizen, of Fredericksburg, died at his home on Saturday night, aged 45 years. He is survived by three children, one of whom is Mr. E. Dorsey Cole, jr., of Alexandria.

Leet S. Moore, a wealthy real estate man, who went to Richmond four years ago and invested largely, died at the Retreat for the Sick yesterday, aged sixty-five years. The body will be taken to Pittsburg for burial.

L. K. Culbertson, indicted for crookedness in the late Richmond city primaries, and who was the man most wanted on the charges of corruption heard during the three grand jury sessions following the primary, has been released from jail on bond of $1,000.

Samuel T. Warriner, a laborer, last night stood on his doorstep in Richmond, and deliberately shot and killed his brother-in-law, Leo Lee, just as the latter was about to enter the house. Warriner was arrested and locked up. It was said that Lee had been ordered to leave the premises and not return. In spite of this he insisted upon coming to the house on all occasions and annoying the inmates.

New Cardinals.

As was stated in the Gazette, the Pope yesterday held a secret consistory, which was the second of his pontificate, in which he created new cardinals and apparently showed a tendency to have a better equilibrium between the foreign and Italian elements in the sacred college, as three of the four new cardinals are foreigners.

The ceremony was performed with the usual pomp. Nearly thirty cardinals were present. The pontiff appeared walking and preceded by, surrounded and followed by the gorgeous pontifical court. Then all withdrew except the members of the Sacred College, and the Pope read his allocution.

In it he said he wished he could give the cardinals pleasant and consoling news, but the conditions at the present time do not permit of consolation. Although, he continued, the Catholic faith is spreading more and more throughout the world, especially in dissident countries, on turning toward Catholic nations one feels sadness and fear lest the prediction of the scriptures is being verified, that the kingdom of the Lord will be removed to other people where it will produce good fruit.

Especial care and anxiety may be felt, he said, for the country heretofore called the eldest daughter of the church, but concerning the anti-Catholic laws passed there against the laws of justice, the Pope said he would speak in accordance with his apostolic office gravely and more fully at an opportune time. He exhorted the cardinals to prayer, recalling that the Lord will cause tranquility and peace to shine forth at the proper time.

The pontiff ended with saying that he intends to honor the whole Latin-American race by creating for the first time a cardinal belonging to that part of the world. He then announced the four new cardinals, among them, Mgr. J. A. De Arcoverde de Albuquerque Cavalicanti, Archbishop of Rio Janeiro.

The cardinals asserted that contrary to the popular impression the Pope did not create a fifth cardinal, but reserved the appointment in pectore.

Later the Pope appointed a number of bishops.

The Late Senator Mitchell.

Only the flag floating at half mast over the Senate Chamber yesterday told the death of Senator Mitchell, of Oregon. For the first time in the history of the Senate absolutely no notice was taken in any official manner of the death of a member of that body. It was believed that Senator Fulton, the colleague of the dead man, would announce the death of Mr. Mitchell during the day, but had he done so the Senate, in accordance with all former precedents, would have been compelled to adjourn at once as a mark of respect. The desk of the dead man was undraped. Indeed, during the day the Senators from time to time sat in his chair. It seemed that a general agreement had been reached to ignore in every way the death of Mr. Mitchell. In the House no reference was made to him. In that body the State of Oregon has no representative at all at present, for of its two members, one is, like the late Senator Mitchell, convicted by a federal court, and the other is under indictment looking forward to an early trial.

Mr. Burton, of Kansas, has followed the example of Mr. Mitchell in resigning from all committees. His appeal from the second conviction is now before the Supreme Court of the United States. The secretary of the Senate yesterday took "judicial cognizance" of Mr. Mitchell's death by ordering his name stricken from the list of senators. So passes out of public life a man who, for the past 30 years, had at one time or another been one of the foremost members of the United States Senate.

Meriwether Sentenced.

Washington, D. C. Dec. 12.—The sentence passed by the Secretary of the Navy on Midshipman Minor Meriwether charged with the killing of Midshipman Branch at the Naval Academy is as follows. "To be confined to the limits of the academy for a period of one year and to be publicly repremanded by the Secretary of the Navy."

The sentence of the court martial was that Meriwether be publicly reprimanded by the Secretary of the Navy and be confined strictly to the limits of the naval academy for one year. The Secretary modified the latter part of the sentence in so far as to permit the midshipman to go on the annual practice cruise, otherwise he will not be allowed outside of the academy grounds.

There were three charges against Meriwether: Manslaughter, violation of the eighth article for the government of the navy, and conduct to the prejudice of good order and discipline. On the first of these charges the court found "not guilty," of which finding the Secretary approves. Commenting on this, the Secretary, in his review of the case, says:

"The autopsy disclosed certain facts which might justify a reasonable doubt whether the death was in fact due to blows inflicted by the accused, there being at least a possibility that it resulted from a fall. The accused was undoubtedly entitled to the benefit of any reasonable doubt, and the record discloses a state of proof which, if it did not compel, at least justified an acquittal of this charge."

The court found Meriwether guilty on the second and third charges, which covered the engaging by Meriwether in a fist fight with Branch, "wilfully assaulting him," and calling him "a sneak and a coward." Reviewing this portion of the case, Secretary Bonaparte says: "Although the accused had pleaded 'not guilty' to these charges, there was practically no dispute as to the facts, and the department has no hesitancy in approving the findings of the court. Considerable evidence was offered tending to show that such fights had been of frequent occurrence, and only very inadequate penalties and usually no penalties whatever had been inflicted upon the participants. This evidence seems to the department altogether immaterial as affecting the guilt or innocense of the accused. There can be no such thing as a lawful custom to commit a crime. There was evidence to show that the accused was unfamiliar with the articles for the navy, but the department holds that he can claim no immunity on the ground of ignorance.

"The department has no difficulty in holding that the sentence is amply justified by the offense committed. There is, indeed, room for some doubt whether the punishment imposed might not have been justly made more severe. It is therefore ordered that the sentence be approved, but that so much of the penalty as might debar the accused from service on any practice ship attached to the academy be remitted."

The Secretary, in connection with his review of the case, goes at some length into the question of challenges, approving the action of the court in declining to receive challenges except in the case of one officer against whom the defense claimed to have information warranting the charge of prejudice. As regards the court's sustaining of the challenge against Commander Staunton, he says:

"The Department would find some difficulty in approving the action of the court in this respect, if it were needful to pass upon the question. To hold that his merely casual expression of an opinion, founded upon a supposed state of facts, disqualified him as a member of the court might establish a dangerous precedent."

The Secretary holds that the court erred in not sustaining the challenge against Admiral McCormick, against whom the Judge Advocate at the close of the prosecution, made the charge that he had privately received advice from a medical expert as to certain portions of the evidence.

Attempt to Kill Sultan.

Geneva, Switzerland, Dec. 12.—One of the chief officers of the Albanian body guards of Abdul Hamid, the Sultan of Turkey, has arrived here as a fugitive from Constantinople. According to the officer a serious affray occurred several nights ago in the palace between members of the body guard, owing to accusations of favoritism. Hearing the noise Abdul Hamid rushed to the scene. Some one in the crowd fired at the Sultan but the bullet was deflected from his body by the coat of mail which Abdul Hamid always wears. The Sultan at once returned to his rooms threatening the punishment of all the officers. The officer who has reached here says he fled immediately after the scene had been enacted. He does not know what became of the other men who were present during the affray.

Lightship Crew Rescued.

New Bedford, Mass., Dec. 12.—The lighthouse steamer Azalea, one of the boats sent to the rescue of Captain Jorgensen and his crew of twelve men on the sinking relief lightship No. 58, of Nantucket Shoals, returned here shortly after two o'clock this morning, with the lightship crew board. They were rescued yesterday afternoon after being in peril for two days and two nights, and were in an exhausted condition when taken on board the Azalea. A few minutes after they were safely aboard the tender the lightship went to the bottom, on Nantucket Shoals. When seen this morning shortly after his arrival Captain Jogensen vividly related the terrible experience on the sinking ship.

Assaulted by a Negro.

York, Pa., Dec. 12.—Mary Ellen Vaughan, a ten-year-old child, while on her way to church last night was seized by a negro and dragged through one of the principal streets of the city to the old reservoir grounds and criminally assaulted. She was accompanied by her twelve-year-old brother, who did not at first realize the negro's intention. Other boys followed, and chased the negro out of the bushes where the child later appeared crying bitterly. Detectives and residents were searching all night and several arrests were made, but the men could not be identified.

Packers Facing Jury.

Chicago, Dec. 12.—For the first time in the four years that they have been under investigation by the government the packers indicted on charges of conspiracy to raise the price of meat today faced a jury. A venire of 50 men was summoned to appear this morning in Judge Humphreys court in the federal building. From this venire twelve men will be chosen to hear this preliminary issue. The packers, through their counsel, allege they obtained immunity from prosecution by making full statements of their business to Commissioner of Corporations Garfield, while that official was investigating the meat packing business in Chicago last year. They declare that Garfield promised this immunity to all who testified before him and his agents. They also charge that evidence was seized without authority of law. The government attorneys deny that any such immunity was earned by the packers or promised them by any government official.

Anxiety for Gunboat.

Newport, R. I., Dec. 12.—Up to nine o'clock this morning nothing had been heard of the gunboat Wasp, which started out Saturday night to render assistance to the brig Harry Smith, which was in a bad position at the entrance of Vineyard sound Much anxiety for the Wasp's safety is felt by the officials at the torpedo and training stations. The Wasp is the converted yacht Columbia, which was bought by the government at the outbreak of the Spanish war. She carries a crew of 80 men.

The torpedo station at Newport, R. I., has just received word from the life saving station that one of the yachts now in the service of the government, probably either the Hist or the Wasp, is approaching the harbor. The identity of the vessel will be known within an hour.

Annual Dinner.

The Virginia Democratic Association of Washington held its twenty-fifth annual dinner at the Riggs House, in that city, last night. There were about 120 members of the association present, and a few guests from other States. Speeches were made by Mr. J. T. Ellyson, Hon. H. T. Flood, Representative E. Y. Webb, of North Carolina; Capt. John Lamb, of Virginia; Creed Fulton, of Washington, and State Senator L. H. Machen, of Virginia. Mr. R. E. Yellott presided.

Mr. Webb took occasion during the course of his speech to refer to Gen. Robert E. Lee as the greatest man in peace, the greatest man in war and the noblest example of courage, veracity and gentleness. This sentiment was greeted with enthusiastic applause.

Letters of regret were received from several gentlemen invited to be present; among them was one from Repretentative John Sharp Williams, of Mississippi; one from Senator Martin, of Virginia, and another from the Hon. W. Bourke Cockran; also from Gov. Montague and Governor-elect Swanson, of Virginia.

The fact of the association holding its banquet last night, December 11, had especial significance, being the twenty-fifth birthday of the association.

Tales of Blood.

Five hundred Russian refugees, many of them eye witnesses of the massacres in Odessa and other Russian cities, disembarked in New York yesterday. Some of them told graphic and pitiful stories of their experiences. Yesterday at Ellis Island declaring that they had been attacked irrespective of religion; that their assailants were led by police disguised in citizens' clothing, and that the massacres were not race persecution but revolution.

One man told what he saw of the Odessa massacre, from its beginning, when two rival parades, met and began to fight. He told how little children were thrown out of high windows, how Russian Christians patrolled the street in large bands protecting Jews, while other bands of men pillaged and murdered. Workmen and students, he said, led the peace parties, while disguised police usually led the hoodlums. After the first two days he and two companions escaped from the city.

Two refugees from Western Russia said that there the Jew killing was started by emptying the jails of prisoners, who attacked and stole from the Jews. A man from the province of Kovno asserted that the police themselves read in the Emperor's proclamation of a constitution an order to kill all Jews and cried this lie through the streets.

Discussed Panama Salaries.

The Senate yesterday discussed the reference of the canal emergency appropriation bill. Mr. Tillman characterized the high salaries paid canal employees as "stealing and graft." Messrs. Hemenway, Hopkins, McCumber and Teller said there should be legislation fixing salaries for the canal employees. Mr. Teller said that by legislation Congress had authorized the President to appoint the officers and fix the salaries, and that it was the duty of Congress to pay them. After more than a score of Senators had discussed the Panama canal bill it was referred to the appropriation committee by a vote of 40 to 23.

Distressing Accident.

Among the passengers who left Washington this morning on the 9:40 electric train was Mr. R. H. Neff, living in that city. When the train reached the intersection of Cameron and Columbus streets Mr. Neff attempted to step from the rear end of the motor car to the street, but he either made a misstep or was struck by the motor car and knocked down and under the latter. The car passed over his left hip and leg, crushing that portion of his body and part of the intestines into a pulp, and seriously injuring his head.

The motor car was derailed by the accident, and a crowd of people soon gathered. Some time was consumed in raising the car from the unfortunate man. As has been stated, the coach had been derailed and as there was no jackscrew at hand, timber had to be procured and used in the work. The crowd at the scene was growing all the time and policemen were kept busy in forcing them away from the car.

Mr. Neff was finally taken from beneath the wheels and placed upon the pavement on the west side of the street and the Alexandria Hospital ambulance summoned.

The vehicle responded as soon as possible and the injured man was removed to that institution where he was attended by Dr. W. M. Smith. It was soon seen that his death was a matter of but a few minutes and his relatives in Washington were notified. The life of the man was ebbing fast, and he died shortly after reaching the hospital, after which Demaine & Son took charge of the remains.

The deceased was thirty-three years of age. The train was in charge of Conductor Mowbry, Motorman Groves and Trolleyman Mason. The accident occurred on the west side of the track and directly on the curve in front of Christ Church. The scene of the accident was visited by many, although the sight of the blood on the rail, cobble stones and pavement was sickening. Mr. Neff's watch chain had been cut in pieces by the wheels of the cars, and boys who had secured particles were exhibiting them.

It was reported on the street that Mr. Neff was killed outright by the accident, but the facts given above are correct, he being alive when he reached the hospital.

The deceased lived at 1018 Ninth street northwest, and was carpenter by trade. He leaves a widow but no children. Mrs. Neff arrived here shortly after her husband's death to look after his remains which will be forwarded to Washington by Demaine & Son.

The Alexandria Free Kindergarten.

At the regular monthly meeting of the directors of the Kindergartners the monthly report of the work in the Kindergarten showed an attendance far above the average. A gratifying interest was evinced by the children's mothers in the mothers' meeting, in which the Kindergartener shows to the mothers the meaning of the songs and games. The day before Thanksgiving Day the children went to market and bought with their own pennies, which they had given to the Kindergartner to collect for them, meat and vegetables, which they gave to a poor woman. The room this year is unusually attractive.

The directors regret that some of the original subscribers have withdrawn their subscriptions and they feel sure that if they will give themselves the pleasure of a visit to the Kindergarten they will see that the need for their subscriptions and interest is as great as it ever was. They most gratefull acknowledge contributions from a number of ladies and gentlemen of this city. There will be the usual Christmas celebration for the children and any donations will be gladly received.

Disappearance of Guest.

Zachariah Tate, colored, appeared at the station house yesterday and complained to Lieutenant Smith that Eugene Foster, colored, had obtained $18 from him and stole a gold-headed umbrella. The accused is from Philadelphia. He arrived in this city several days ago and having made the acquaintance of Tate was taken to the latter's house and entertained. Foster exhibited letters of recommendation purporting to be from different persons in the city of brotherly love, and finally succeded in borrowing $18 from Tate. He later called his host aside privately, and said he wanted to impart some friendly advice, which was to the effect that Tate should not show the same spirit of hospitality to other darkeys as he had to him (Foster), as they would be likely to take advantage of his kindness. Foster subsequently secured the umbrella and at an opportune time vanished.

Negro Shot on Train.

Ernest Black, a negro, shot and killed Richard Lightfoot, another negro, on R., F. & P. R. R. train which passed through this city about 5 o'clock Saturday night. The shooting occurred as the train was pulling into Milford. A railroad detective, who was on the train, arrested Black and lodged him in jail at Milford. Both negroes were employed in this city, boarded the train here and were to stop at Milford. Much excitement was created on the train.

To Construct Plank Walk.

Officials of the Washington-Southern Railway yesterday, after having viewed the locality, determined to construct a plank walk on the north side of King street extended (in front of Mr. Benj. Baggett's residence) to the viaduct, several squares west. The walk will there intersect that leading to the electric railway station at Spring Park and with the granolithic pavement at the new union depot.

The committee of the Alexandria German Club have decided to give the Christmas German at McBurney's Hall on the night of Friday, December 22nd, and great preparations are now being made for this German, which will probably be the most elaborate which this organization has ever given and to eclipse even that of last year. A sumptuous collation will be served and the favors which will be given will be both handsome and unique. A large number of out-of-town guests are expected to be present.

Relief Committee.

The committee for the relief of the Russian sufferers report the following additional contributions: From J. R. Zimmerman, $5; Hellmuth Bros., $2; cash, $1; J. C. Gates, $5; A. Martin, $1: cash, $1; C. C. Smoot & Sons Co., $5; Christ Church Circle of King's Daughters, $6, which makes the total amount collected to date $583.10. Mr. N. Wollberg says that he has received $90 from the Council of Jewish Women and forwarded the same to Mr. Jacob H. Schiff, treasurer of the general relief committee in New York.

Deaths.

Mr. Albert O. DeKnight, an old and well-known resident of the Accotink neighborhood, died last Sunday night and was buried today, the funeral having taken place in the Quaker Church. The deceased was 76 years old.

Alfred Wilson, colored, died in Fairfax county, a short distance from this city, yesterday. His funeral took place from St. Mary's Church this afternoon. Wilson was a native of this city. He was 19 years old.

[Justice H. B. Caton presiding.]

F. Entwisle; secretary, F. Mason; sergeant-at-arms, M. Parker After the meeting the members adjourned to the Elkton Hotel, when they enjoyed a seasonable collation.

Cargo of Goats.

The steamer Adelaide arrived at Mr. DeW. Aitcheson's wharf yesterday with a cargo of Angora goats. The animals had been on a lower river farm and were consigned to Round Hill, Loudoun county, where they will be placed on a farm. It is said that they will be used in clearing ground, as they eat anything in sight, not refusing old umbrellas, discarded hoopskirts, &c.

The boat will leave this city at 7, 8 and 9 o'clock p. m., and Washington at 7:30, 8:30 and 9:30 p. m. These extra trips are designed for the convenience of Christmas shoppers.

Those who had not paid their State capitation taxes when the books closed last night cannot vote at the city election to be held next June. The number who made themselves eligible by paying their taxes is about 1,050. The number who paid in 1903 was 1,161.

The Key that Unlocks the Door to Long Living.

The men of eighty-five and ninety years of age are not the rotund well fed, but thin, spare men, who live on a slender diet. Be as careful as he will, however, a man past middle age will occasionally eat too much or of some article of food not suited to his constitution, and will need a dose of Chamberlain's Stomach and Liver Tablets to cleanse and invigorate his stomach and regulate his liver and bowels. When this is done there is no reason why the average man should not live to old age. For sale by Gibson & Timberman and W. F. Creighton & Co.

TUESDAY EVENING, DEC. 12, 1905.

Charged With Extorting Money.

Taree warrants charging blackmail were sworn out in Charlottesville yesterday as the result of the suicide of Robert D. Ballantine, the young millionaire University of Virginia student, at Newark Saturday night. John S. Hawkins, a reformed sporting man who recently has been a devout and active assistant to evangelists in revival work, was arrested yesterday morning, accused of extorting money from Ballantine. The other warrants are for F. B. Duncan and Henry Michie, whose whereabouts are unknown. Hawkins was admitted to bail in the sum of $1,000, with Mrs. Thomas Wood, said to be a Dowie convert as surety.

Yesterday morning Hawkins talked quite freely of his connection with the charges involving degeneracy upon the part of Ballantine. He did not deny that while drinking with Ballantine and under the influence of liquor he, at Ballantine's solicitation, had retired to a room with the latter and had been seen there by Duncan and Michie, the other accused men. Duncan and Michie, he said, did approach him on various occasions within the following week, requesting him to confirm the truth of their charge, which he always refused to do, but, he said, they got money nevertheless. Hawkins insists that he had not received and had never expected to receive a cent.

Hawkins is a native of Charlottesville, and there the most of his life has been spent. His early years were marked by overzeal as a sporting man, but he was converted under the preaching of Evangelist William P. Fife, and became an active assistant of that and other evangelists, in many large revivals. He later embarked in the insurance business with considerable success, finding many helpful friends among those who had known of his reformation.

In some recent months, however, he had returned, it is said, to some of his former habits, and he freely admits that he was frequenting the bars and drinking with Ballantine.

The belief is that while Ballantine was often moody and despondent, and had at least on one former occasion, it is reported, attempted to end his life, the fear that a shameful story would reach his family was the moving cause in his self-destruction. Ballantine, while weak and much given to convivial habits, was popular, and of mental qualities to command respect. He was very generous, very many times perhaps unwisely, and this trait gives some color of truth to the stories afloat as to his disposition of his property.

It is reported that Ballantine made a will about eighteen months ago in which he left "Edge Hill," the famous Randolph home, including the furniture, stock, vehicles, &c., to his friend, George Mason, of Albemarle county. The will is in the possession of Louis T. Hanckel, a prominent attorney of Charlottesville, who refuses to deny or confirm the statement.

Another story that is current is to the effect that Ballantine's despondency was due in part to his rejection by a well-known young lady in Charlottesville, to whom he paid persistent court. She is alleged to have refused his offer of marriage on account of his dissipation.

Dying of Famine

is, in its torments, like dying of consumption. The progress of consumption, from the beginning to the very end, is a long torture, both to victim and friends. "When I had consumption in its first stage," writes Wm. Myers, of Cearfoss, Md., "after trying different medicines and a good doctor, in vain, I at last took Dr. King's New Discovery, which quickly and perfectly cured me." Prompt relief and sure cure for coughs, colds, sore throat, bronchitis, etc. Positively prevents pneumonia. Guaranteed at E. S. Leadbeater & Sons' drug store, price 50c and $1.00 a bottle. Trial bottle free.

Grip Quickly Knocked Out.

"Some weeks ago during the severe winter weather both my wife and myself contracted severe colds which speedily developed into the worst kind of la grippe with all its miserable symptoms," says Mr. J. S. Egleston of Maple Landing, Iowa. "Knees and joints aching, muscles sore, head stopped up, eyes and nose running, with alternate spells of chills and fever. We began using Chamberlain's Cough Remedy, aiding the same with a dose of Chamberlain's Stomach and Liver Tablets, and by its liberal use soon completely knocked out the grip."

It is a good plan to take a dose of the Tablets when you have a cold. They promote a healthy action of the bowels, liver and Kidneys which is always beneficial when the system is congested by a cold or attack of the grip. For sale by Gibson & Timberman and W. F. Creighton & Co.

A Liquid Cold Cure.

Croup, Coughs, Colds, Whooping-Cough, etc., have no terrors for children or adults who evacuate the bowels with Kennedy's Laxative Honey and Tar—the Original Laxative Cough Syrup and Liquid Cold Cure. This remedy expels all cold from the system and strengthens the throat, lungs and bronchial tubes. The mother's favorite and children's safeguard. Sold by W. F. Creighton & Co., 401 King street.

FOR OVER SIXTY YEARS

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhœa. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

Make a note now to get Ely's Cream Balm if you are troubled with nasal catarrh, hay fever or cold in the head. It is purifying and soothing to the sensitive membranes that line the air-passages. It is made to cure the disease, not to fool the patient by a short, deceptive relief. There is no cocaine nor mercury in it. Do not be talked into taking a substitute for Ely's Cream Balm. All druggists sell it. Price 50c. Mailed by Ely Bros., 56 Warren street, New York.

The mission of "Early Risers" is to clear the way and give Nature full sway. These famous little pills rid the stomach and bowels of all putrid matter, thus removing the causes of headache, constipation, sallow complexion, etc. DeWitt's Little Early Risers never gripe or sicken. A safe, pleasant, perfect pill. Sold by W. F. Creighton & Co., 401 King street.
